Pivot Flash Drive

Extreme protection.

The Imation Pivot Flash Drive features enhanced durability and security to create the ideal solution for today's mobile business professional. With its innovative jackknife design and tough rubberised casing, this compact drive will protect important files and applications from damage while on the go.

Advanced, easy-to-use security software with 128-bit AES encryption and password protection prevent unauthorised access to files. On-the-go business professionals can rely on the Imation Pivot Flash Drive as the rugged, safe solution for mobile data storage.

Features:

- Tough, rubberised exterior casing protects drive from damage
- Key-ring included
- Blue LED (Light emitting diodes) available
- Drive pivots from casing to fit easily into any USB slot
- Ultra-fast USB 2.0 drive speed
- 256MB, 512MB, 1GB & 2GB capacities available
- 128-bit AES encryption and password protection
- Software compatibility with Windows 2000 and XP
- Physical Write Protection available
- Five year warranty

Advantages:

- Small and lightweight
- Interfaces with most desktops and laptops
- Provides a safe mode of transferring
- Affordable price for high-capacity storage
- Secure encryption and password protection

Benefits:

- Durable and portable
- Broad compatibility with high speed data transfer
- Transfers files easily between multiple systems
- Low power source allows notebook to run longer, user to connect more devices
- Scaleable to storage needs
- Data is secure
